EXAMINER'S AMENDMENT

Page 2

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

- 2. Authorization for this examiner's amendment was given in a telephone interview with Wayne Grohs on 25 MAY 2007.
- The application has been amended as follows:

Amendments to the Abstract:

In the Abstract, line 3: delete "means of".

Amendments to the Claims:

Claim 24, line 1: replace "22" with --23--.

4. The above changes were made to remove legal phraseology from the abstract and to correct the dependency of claim 24 to remedy a minor antecedent basis issue.

not introduce new matter into the application as expressed in the statement filed 25 MAY 2007. These changes were not made in view of any prior art issues.

5. The following is an Examiner's Statement of Reasons for Allowance:

The prior art of record does not teach or fairly suggest the recited centrifuge driving device including the bearing arrangement and spring device and wherein the stator of the motor is fixed to the frame and is immovable relative thereto, the rotor of the motor being radially movable relative to the stator together with the spindle, and a gap between the rotor and the stator of the motor being dimensioned to permit the radial movement of the rotor of the motor. Furthermore, the preamble is considered to bestow patentable weight to the claim since the language in the body of the claim regarding the driving device depends on the preamble (the environment of the recited centrifugal separator) for antecedent basis (*Bell Communications Research, Inc. v. Vitalink Communications Corp.*, 34 USPQ2d 1816, 1820 (Fed. Cir. 1995)).

- 6. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- 7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles E. Cooley whose telephone number is (571) 272-1139. The examiner can normally be reached on Mon-Fri. All official facsimiles should be transmitted to the centralized fax receiving number 571-273-8300.
